### "THE LARGEST FURNITURE HOUSE IN THE SOUTH ?"

Has it been accomplished by using fair or extortionate prices?

We leave it to you. Every first-class butcher shop

has "chuck steak" for sale at 8c. per pound as well as "porter house at 15c. So every "up-to-date" furniture house should have good, cheap furniture, as well as high-grade goods. We are no exception to this rule. An impression prevails in this city, we are sorry to say, that we are high-priced people; still our best sales are made to the very people who come to us to see and tell us they have been so informed. Do not think for a moment, because we put the best foot forward, so to speak, and make displays in our windows of the finest and most attractive goods ever seen in Richmond, that we havne't as cheap goods as any other dealer on the inside. We carry all grades of furniture, and our prices are just as low, and oftimes lower, as you can find anywhere. Kindly inspect our stock before placing your orders and be con-vinced that these are facts.
